University of Georgia

Bachelor of Business Administration in Accounting; Minor in Computer Science

Athens, GA

Jan. 2025 – May 2028

– GPA: 3.83

University of Hong Kong (HKU) – Exchange

Coursework in Accounting, Finance, and Computer Science

Hong Kong

Sept. 2026 – Dec. 2026

Georgia State University

Coursework in Accounting, Finance, and Computer Science (Transferred)

Atlanta, GA

Aug. 2023 – Dec. 2024

– GPA: 3.93

EXPERIENCE

Crowe LLP

Federal Tax Consulting Intern

Atlanta, GA

June 2026 – Aug. 2026

- Assisted with IRC Section 481(a) adjustment calculations for accounting method changes and supported Section 263A cost allocation analyses, reconciling capitalized cost amounts to underlying records.
- Supported cost segregation studies using Bluebeam to identify and classify construction assets for accelerated depreciation under MACRS, enabling significant tax savings for clients.
- Assisted in preparing Form 3115 (Application for Change in Accounting Method) workpapers, gathering and validating supporting data for UNICAP adjustments and deferred revenue changes.
- Compiled data for Depreciation Change Notifications (DCNs), ensuring consistency with underlying fixed asset schedules and prior-year tax returns.
- Conducted tax law research using Blue J AI and Bloomberg Tax to analyze current and historical federal tax regulations, supporting client-specific accounting method change and depreciation analyses with up-to-date statutory and regulatory guidance.
- Prepared Excel-based depreciation schedules and variance analyses, including bonus depreciation elections and Section 179 carryover calculations for client deliverables.
- Validated and reconciled large fixed asset datasets by cross-referencing source documents to identify and resolve discrepancies prior to final submission.
- Documented key discussion points, open items, and action steps from client calls and internal meetings to maintain project continuity and accountability.

Cheung Kong Holding Inc.

Accounting & HR Assistant (Seasonal)

Atlanta, GA

Summer 2020 – Summer 2025

- Recorded, reviewed, and reconciled 1000+ transactions per season — including check deposits, cash receipts, vendor disbursements, and intercompany transfers — against source documents and resolved discrepancies to maintain accuracy across financial records.
- Prepared period-over-period balance schedules and variance explanations to support management decision-making and planning.
- Processed payroll inputs, maintained employee compensation files, verified approvals, and retained required documentation in compliance with recordkeeping standards.
- Supported accounting operations for a multi-location business with employees and vendors across the United States and Southeast Asia; maintained organized supporting files for internal reporting.
- Tracked tax-related payables (payroll and sales tax) and maintained a payment due-date log to ensure timely accrual entries and avoid filing penalties.

Kumon Learning Center

Tutor & Data Entry Assistant

Johns Creek, GA

2022 – 2023

- Tutored students in math and reading comprehension, tailoring instructional approach based on individual progress data to improve learning outcomes.
- Analyzed weekly and monthly progress trends to identify performance outliers and provide instructors with actionable insights for curriculum adjustments.
- Managed academic performance records for 300+ students using structured Excel tracking systems; conducted regular audits to maintain data integrity and correct entry errors before period-end reporting.

PROJECTS

- Algorithmic Market Screener** | *Python, yfinance, JavaScript, Data Analysis* 2025 – Present
- Developed a rule-based equity screener that ranks a tracked universe and surfaces weekly top-3 candidates using momentum, RSI, and volume filters, with walk-forward signals to avoid look-ahead bias.
 - Pulled real-time and historical market data via Yahoo Finance (**yfinance**) and backtested a \$1,000 portfolio strategy against personal holdings and the Nasdaq-100 (QQQ) benchmark.
 - Automated a monthly data pipeline (GitHub Actions) that regenerates performance outputs for live portfolio tracking and strategy comparison on a personal finance blog.
- Independent Resale & Investing** | *Excel, Financial Tracking, Market Analysis* 2020 – Present
- Built and managed a personal equity portfolio up 300% year-to-date, with documented return calculations and investment rationale for each position.
 - Generated \$33K+ in cumulative sales through resale of trading cards, consumer electronics, and footwear by identifying arbitrage opportunities through systematic pricing and demand analysis.
 - Maintained a detailed Excel ledger tracking revenue, cost of goods, platform fees, shipping, and net profit by product category and time period to evaluate capital allocation efficiency.
- Personal Portfolio & Finance Blog** | *HTML, CSS, JavaScript* 2024 – Present
- Published weekly market commentary and stock picks with documented rationale; tracked win/loss ratio across all calls and displayed cumulative return a \$1,000 follower would have generated by following the picks.
 - Designed and deployed a personal website to publish finance content and track investment performance using HTML, CSS, and JavaScript.
 - Integrated the Spotify API to display currently playing music in real time, with an automatic refresh every 30 seconds to reflect live listening activity.

LEADERSHIP & CAMPUS INVOLVEMENT

- Asian American Student Organization (UGA)** Athens, GA
Logistics Chair Jan. 2025 – May 2025
- Coordinated logistics for events serving 30–40 members, including scheduling, venue coordination, and materials management.
 - Managed budget tracking to keep events within allocated funding and maintained accurate expense records for organizational reporting.
- Asian American Student Organization (GSU)** Atlanta, GA
Volunteer & Service Chair Aug. 2023 – Dec. 2024
- Organized volunteer initiatives engaging 40–50 members across multiple service events; coordinated with external organizations and tracked participation for internal reporting.
